From T. G. Lakshmana Rao, Esquire., L. C. E.,
President, City Municipal Council,
Mysore

To V. R. Thyagaraja Iyer, Esquire , M.A.,
Secretary to the Govt of Mysore,
Revenue Department
Bangalore.

SIR,

I have the honour to report that the Municipal Council intend giving out the plot of ground measuring 41 acres and 38 guntas to the north of Kannegowdan Koppal Village for building decent bungalows and villas, and a large number of applications have already been received for the same. A copy of the Council's resolution dated the 24th April 1916 together with a copy of the plan as approved by them is herewith enclosed for your information.

2. The whole plot may be divided into 53 sites and the Municipal Council propose to sell at an upset price of annas four per square yard.

3. The District and Sessions Judge has however objected to the erection of buildings on the above site on the ground that they will be nearer to the Law Courts and thus cause disturbance to the Court work A copy of his letter to the Registrar of the Chief Court forwarded to this office for information is also enclosed. But I am of opinion that there is not much force in the argument as the locality is to be inhabited only by the educated classes who are not likely to behave in a way as to cause disturbance to the Court.

Sir,

I have the honour to state that house building materials are being collected near the Nazarat block of the Law Court Buildings and foundations have been excavated right in front of the First Munsiff's Court and within a few yards of it on the other side of the Railway line. While the proximity of the private houses of Kannegowdan Korpal is in itself a source of great nuisance and annoyance to the Courts there being some times unremitted beating of drums in connec--tions with marriage festivities it is undesireable to have any more private buildings nearer the Court than those already existing. It would appear that about 150 by 150 feet of ground have already been allotted for private building quite by the side of the First Munsiff's Court and within a few yards from the Nazarat main building and almost within its compound and that similar allotment of sites in to the west of the Nazarat block is under contemplation.

The entire extent of ground to the west of the Nazarat building up to the road leading to the exhibition Buildings should not be allowed to be encroached upon, since additional accommodation will have to be found for the First and Second Munsiff's Courts which are now located in one block originally intended for a single Court. The Central Record Room also will have to be extended.

For these reasons I request that Government may be moved to issue necessary orders to the Municipality
